

TEAM TACTICS - BROWNIE LEVEL

GSCSNJ PATCH PROGRAM

Purpose: Teamwork is all around us — in our families, schools, sports, and Girl Scout troops! Great teams communicate, compromise, include others, and work toward a shared goal. These activities help you learn how to be a kind, cooperative, and effective teammate.

To earn this Patch, complete 4 activities, including the starred activity that is required.

Teams in Life

Make a list of all the teams you're part of — like your family, class, or troop. Compare your list with a friend and talk about what makes each team special.

Everyone brings something unique to a team! Play a game that helps you learn something new about your friends — like Musical Cultures or Birthday Lineup. Share what you discovered.

Play a game using only gestures (no talking!) to complete a task, then try again using words. Which was easier? Talk about why communication is important in teamwork.

Participate in a team sport or group activity where you need to cooperate and encourage one another.

Show support for someone on your team. You could make a friendship bracelet, write a note, or help someone practice a skill.

Make a small poster or skit showing what teamwork means and how your troop works together.
